1. Regular "A" Day Schedule TODAY!
2. Green Corner-Updates on Environmental Sustainability at Lovett!
Do you know why we are trayless in the Dining Hall?
 - 1,150 gallons of water per day are saved by being trayless!
 - Being trayless saves resources by reducing water usage and resources to heat water for washing the trays; using less chemicals for cleaning; and cutting down on waste. People tend to take only the food they will eat if they are carrying each plate.
